# MEETING & EVENT FACILITIES

## AUDITORIUM AND AUDITORIUM GARDEN

The auditorium garden, across from the wetland pond, provides a natural, private entrance to the auditorium, one of the center's premier onsite educational resources and rental facilities. Framed by the arches of the sandstone aqueduct, this garden is reminiscent of the gardens of seventeenth-century Spanish missions.

Our elegant auditorium is perfect for group presentations, trainings, memorial services, small concerts and weddings. Its 232 padded seats, all with flip-top desks, are tiered for maximum visibility and comfort. Entrances located in all corners allow easy access to many of our natural areas, while the ample foyer is an ideal setting for registration.

Capacity: 232

## GALLERY AND COURTYARD

The visitor's gallery is one of the most impressive structures at the Wildflower Center. Its high ceilings, stone walls and wooden floors provide a warm and acoustically pleasing venue for banquets, parties, meetings, concerts, art showings, weddings and receptions.

Just beyond the gallery's oaken doors lies the courtyard, an expansive area anchored by a crystalline spring. In the courtyard, at the heart of the Center's architectural complex, intimate spaces, created by terraces and tree canopies, complement the open areas.

Capacity: gallery – 200; courtyard – 250

## LIBRARY

Our library houses the Wildflower Center's extensive collection of books and periodicals. With its vaulted ceilings, natural light and floor-to-ceiling windows overlooking the wildflower meadow, the library is warm and intimate – the perfect place for holding meetings, retreats, dinners, luncheons and small parties.

Capacity: 70

## CLASSROOMS

Conveniently located near the auditorium, the classrooms are perfect for meetings, luncheons and poster and breakout sessions.

Each classroom has a built-in electronic screen and wood counters. A spacious lounge and windowed hallway create a private setting with maximum comfort.

Capacity: 45 each; 90 for both classrooms

## MCDERMOTT LEARNING CENTER

The McDermott Learning Center has both a fascinating history and a wealth of uses. The Wildflower Center utilizes it for exhibits and classes, but it can also be employed by outside groups for small weddings, meetings, board or staff retreats, cocktail parties and dinners. Created from a restored carriage house, the structure's high ceilings lend it a spacious quality anchored by impressive glass doors leading out to our Ann & O.J. Weber Butterfly Garden.

Capacity: 70

## PARKING

Parking is included. There are 127 regular, two handicap and three bus parking spaces. There is additional parking for approximately 100 cars on the street front.

The Lady Bird Johnson Wildflower Center will provide a list of exclusive caterers who are trained in the policies and procedures of the center. Only these exclusive caterers can work at the Wildflower Center.
