

Hike Observation Sheet: Plant Families

On your hike today try to find and draw a flower that fits into every box listed below . Take a moment to investigate your flower. What do the veins look like on the flower's leaves? What shape are the flowers? Does your flower have any visiting insects? Take your time and record your flower in your best detail.

A wildflower in the Sunflower Family (Asteraceae)	A wildflower in the Figwort Family (Scrophularia)	A wildflower in the Grass Family (Poaceae)
