

Hike Observation Sheet: Lichen Survey

On your hike today keep your eyes out for lichen growing on tree limbs or on rocks. When you find one, use the examples to figure out what type it may be and then tally it in the table below. When you return home tonight, see if you can find any lichen in your own yard.

Type A
Fruticose

Types B
Foliose

Type C
Crustose

Clean Air Only

Polluted Air Tolerant

| | Type A | Type B | Type C |
|---------------------------------|--------|--------|--------|
| Lichen at the Wildflower Center | | | |
| Lichen at my house | | | |
